March to Present COVID-19 CASES Middleton Jail& DYS — **234**

Aggregate: 339

The MassSupport Network provides free community outreach and support services across the state in response to the unprecedented public health crisis, COVID-19. This network includes a Crisis Counseling Program set up to assist Massachusetts residents impacted by the pandemic. Since their group formed they have been providing emotional support services both by direct phone contact and online groups. Recently they have been working to support parents and teachers during school re-openings, and we are available for supporting the people on the front lines through similar formats.
At the following link you can find resources, services and a screening tool. https://masssupport.org/
