A traditional outdoor cookout, served indoors:
compliments of the "Middleton 1728 Club".

Entertainment will follow with vocal stylist, Barry Lawton. He will perform favorite songs of yesteryear, including Frank Sinatra, as well as selections from The American Song Book, Stage and Screen, and his own Barry a la carte. Barry's musical career started at the age of five and he has recently retired after twenty-five years as an educator. His recent performance at the Danvers Family Festival came to our attention and we are proud to welcome him to our event.

Please call the Senior Center by Thursday, September 5th, to register for this free event and to allow for our advance planning. The Senior Center will provide transportation to the event, departing at 10:45 AM and 11:00AM from Angelica's parking lot. Parking is available at the Danvers Fish and Game Club's site if you want to drive.
