Attributed to COVID-19	4

The **Massachusetts State Department of Public Health** issues weekly COVID 19 case statistics for every city and town within the Commonwealth. View their report by clicking here: **MA DPH Report** Please note that the statistics by the state sometimes has errors and they correct them weekly. Therefore to view COVID case information, its more accurate to view the Town's COVID information page here: **Town of Middleton COVID**.

**Please Note**, that the total COVID case count reflected on the State Report for the Town of Middleton includes both residents of the community and the Essex County Correctional Facility population since the facility resides in Middleton. The Town of Middleton separates these numbers as shown on this report (to the left) and on the town web page.

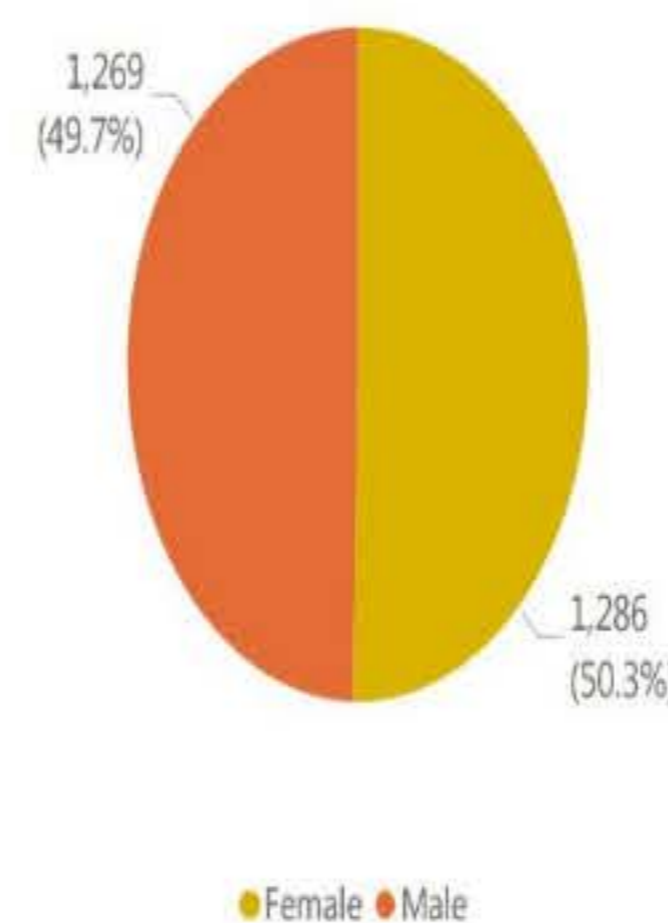

Additionally, if you would like to see the State of Massachusetts statistics related to the COVID disease associated to county, age, mortality, etc. please view this report: **DASHBOARD**

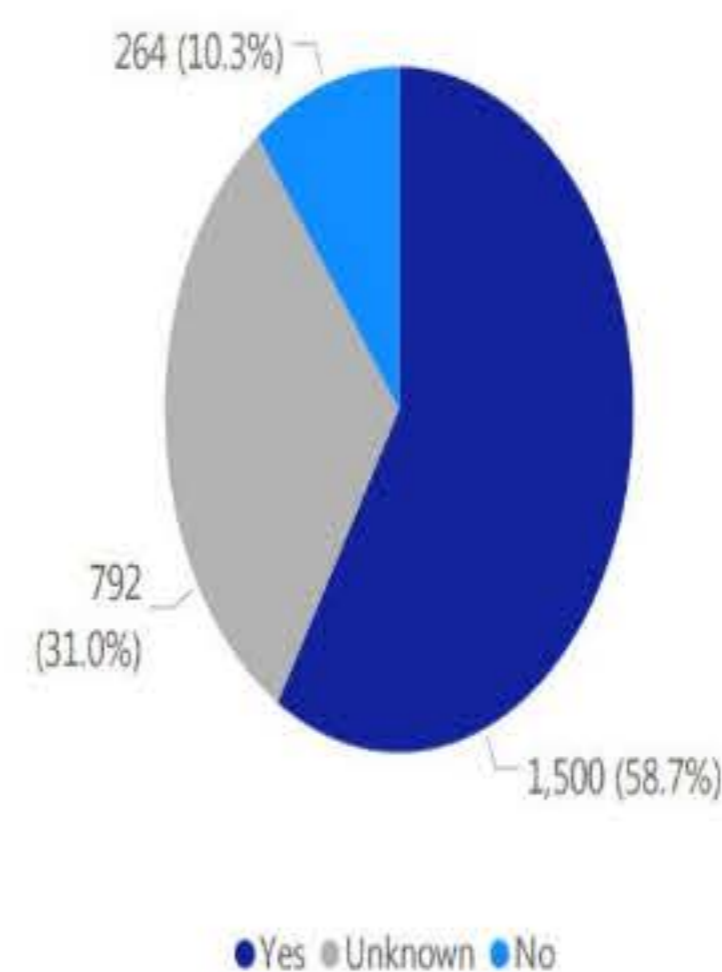

Massachusetts Department of Public Health COVID-19 Dashboard - Friday, April 24, 2020

### Deaths by Sex, Previous Hospitalization, & Underlying Conditions

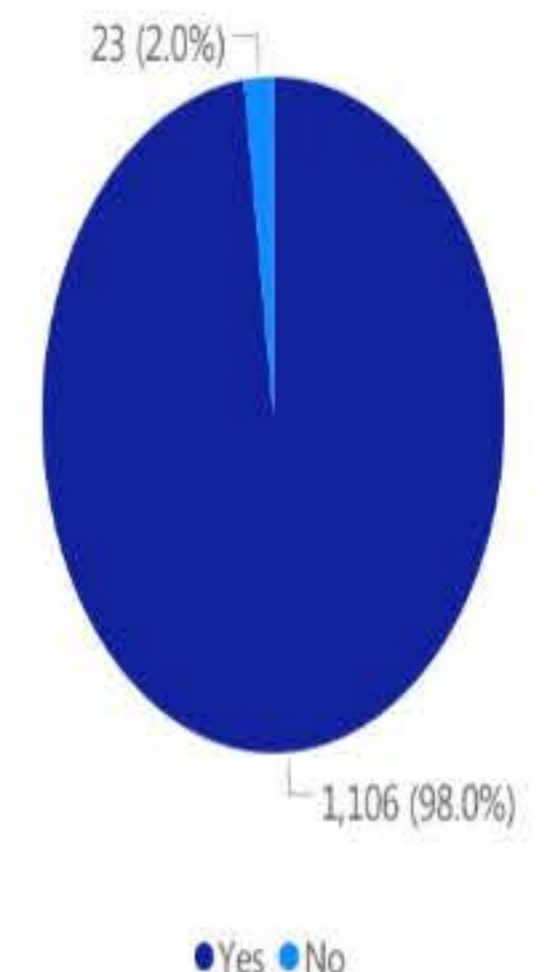

Deaths by Sex\*

Deaths with a Previous Hospitalization\*

Deaths\*\* with Underlying Conditions

### REMINDERS

We all need to do our part to stop the spread of COVID-19. To screen your symptoms visit [www.bouyhealth.com](http://www.bouyhealth.com)

Be especially careful around **high-risk** individuals, such as older adults or those with underlying health conditions.

Properly notify EMS/Fire and Police if you seek assistance from them and are symptomatic and/or COVID-19 positive.

## DEPARTMENTAL INFORMATION

### Middleton Board of Health / Health Department

The Middleton Health Department secured additional personal protective equipment and was able to provide the Essex County Correctional Facility in Middleton with Protective Face Shields for correctional officers. To the side picture is a fellow correctional officer, also a Middleton resident, displaying the protective shields provided by the Health Department.

The Middleton Board of Health order requires essential service businesses that are open to the public have employees and patrons wear facial coverings. Respectively, the Middleton Health Department collaborated with local businesses and the Topsfield/Boxford/Middleton (TBM) Rotary to provide complimentary facial coverings to businesses to protect their employees. Terry, Market Basket Manager, was one happy manager along with other managers related to protecting their workforce and the public.

### Emergency Medical Services (EMS)/Fire & Police

The Middleton Fire Department (MFD) and Middleton Police Department (MFD) continue to respond to COVID related medical transports. This week, they participated with other local area first responders in a rolling rally to give thanks and kudos to all the medical personnel heroes at North Shore hospitals: Lahey Medical Center in Peabody, Beverly Hospital and North Shore Medical Center in Salem, who are on the front line helping individuals recover from COVID-19

### Senior Center

Long time resident and senior center employee, Ethel Marino, writing cards to senior citizens we miss seeing at the senior center during the COVID-19 Stay at Home season. The senior center would like to promote this fun old-fashioned practice of card writing during this time when seniors might feel socially isolated. And isn't it more fun to get something other than a bill in the mail these days? We cannot write to every senior citizen in town on our own so we could use your help! We are looking for your name, email address, phone number and how you would like to help.

So here is how you can participate:
