*The Coalition - a community-wide partnership whose focus is to prevent and reduce youth substance use and promote and grow youth mental health and healthy positive youth norms - has developed a brief survey to gather data about how COVID-19 may be impacting you, your family and your loved ones, as well as your understanding of mental health and mental health resources that may be available. Your responses are anonymous and will help Tri-Town Council, The Coalition and its partners, plan upcoming programs and align resources.*

*3 survey participants will be the lucky winners of a gift card to a local business/eatery*
