# MIDDLETON PUBLIC HEALTH HEREOS

This weeks  
Middleton Public Health Heroes Award  
goes to our

## SCHOOL NURSES

School Nurses have taken on so much this year during the ongoing Pandemic. In addition to band aids, stomach aches, head aches, bee stings, office visits, and the other 100 things they do, they are assisting public health nurses with many things such as, but not limited to: symptom monitoring, disease tracking, pooled testing management, exposure identifications, isolation and quarantine timelines, travel testing,,,,,, and the list goes on.

The Tri-Town Health Departments hired a School Pandemic Nurse to assist the schools and Julia Lobel, R.N. has had quite a task!

Looking back, this was one of the best decisions our communities did to assist school nurses and has helped our schools properly collaborate and quarantine and isolate "quickly and properly" to reduce the spread of the virus in the school settings within the communities; especially to our most vulnerable populations.

The School Nurses of the Tri-Town, both Elementary, Middle, and High School have been amazing partners and excellent in the reduction of disease spread. Working with our Public Health Nurses (Julia, Traci, Joan) has shown that teamwork works: When we work together, the community benefits in public health prevention, promotion, and protection!

The Middleton Health Department and the residents of Middleton thank the SCHOOL NURSES of Middleton and the Tri-Town for being Public Health Heroes!

We THANK YOU!

Masco MS/HS School Nurses:  
Karen Trevenen, Gwen Lemire, Kathy Hostetter

Jessica Barabani  
HMS School Nurse

Dale Marshall  
FMS School Nurse
